★ Cache County Is Counting on You ★

A Letter from the Chair

Friends and fellow Republicans,

This fall, Cache County is counting on you. Ballots arrive by mail in mid-October, and every race on your ballot, from the Legislature to the County Council to the School Board, will be decided by the neighbors who take a few minutes to vote and return their ballots early.

In the June primary, 237 ballots arrived too late to be counted. Let's make sure that doesn't happen in November. Fill out your ballot, sign the envelope, and drop it in one of our 21 official drop boxes, or vote early in person.

We can be proud of how elections are run here. Our County Clerk's office earned Utah's Excellence in Elections award in August for paper ballots, audited counts, and tracked drop boxes. Your vote is secure. Please use it, and help a neighbor do the same.

Thank you for all you do for our party and our county.

Natalie Levi
Chair, Cache County Republican Party
