November 2025

Legislative Collaboration Committee Trainings are happening!

We are training each House District separately, according to the needs of the Representatives. In this training we will be setting up our groups, determining the lead, and the method that the Representative could best communicate with us while he's in action. Please come to your respective night!

Dec. 17 Precinct Training for LCC for Mike Petersen's District 2
Logan Library at 6 pm
North Logan, Hyde Park and Smithfield

Dec 2 Precinct Training for LCC for Jason Thompson's District 3

**Let's keep strong values in our
local government!**

Gratitude is the key to Community Strength

In the spirit of unity and gratitude, let's come together to strengthen our community, grounded in the Republican values of individual liberty, personal responsibility, and faith in one another. We're thankful for every neighbor who steps up—whether through volunteering, supporting local businesses, or standing firm for freedom and opportunity. By uplifting our precincts, we honor our shared commitment to hard work and self-reliance, building a stronger, more vibrant community where every voice matters.

Let's express our gratitude by actively supporting each other, ensuring our shared values thrive for generations to come.

This November, the Cache GOP and the Little Lambs Foundation for Kids are joining forces to make sure every baby in our valley is fed and cared for through the holidays. 🦋

We are collecting baby formula and food for local infants in need. Join us in lending a hand. Visit the link to find donation details & drop-off locations.

Together, we're keeping every baby fed this Thanksgiving.
